Mission Statement

The Texas State University School of Music prepares a diverse student population within a positive and inclusive environment for personal success and evolving careers in music, promotes creative and scholarly activity, and nurtures supportive communities.

We aspire to the highest levels of musical and academic achievement, depth and breadth of artistic experiences, and student success. We nurture curiosity, creativity, passion, and collegiality, while supporting and respecting each other. Our music community strives for excellence and innovation in music making, teaching, and research.

In pursuing excellence, the School of Music strives to be an innovative community that embraces the wide variety of musical and cultural backgrounds and expressions of students, faculty, and curriculum. We seek to become a destination school, while maintaining our student-centered focus.

Faculty

The music faculty of over ninety individuals includes internationally active performers, conductors, composers, scholars, and teachers. Collectively, they have presented concerts and clinics in more than thirty countries on virtually every continent. Individual faculty members have been recognized through such prestigious prizes as Grammy Awards and the Atlanta Steinway Society Competition, as well as honors and publications in prestigious journals and encyclopedias, such as the *Grove Music Online*, *Musik in Geschichte und Gegenwart*, *Grove Dictionary of American Music*, *Theoria*, *MusikTheorie*, *Musicological Annual*, *New Sound*, *Music in Society*, *Computer Music Journal*, *Facta Universitatis*, *Journal of Research in Music Education*, *Philosophy of Music Education Review*, and *Journal of Musicological Research*. Their artistry can be heard in various movie soundtracks and hundreds of commercial recordings.

Courses Offered

Courses are offered in performance (individual, chamber, and ensemble), music education, history, literature, theory, composition, music technology, jazz, Latin, and sound recording.

All university students, both music majors and non-music majors, are encouraged to participate in performing ensembles. However, due to the limited availability of private applied music instruction and certain other music classes, the School of Music may use any or all of the following criteria for determining students' access to these courses:

1. student's overall musical talent, musical achievement, and performance/teaching potential as determined by audition
2. studio/class space availability
3. academic standing as represented by GPA
4. other appropriate indicators

School Policies

Those planning careers in music must demonstrate a high level of musical skill, music reading ability, and understanding. To help evaluate musical skills for counseling and placement purposes, the School

of Music requires all music majors to pass several evaluations and academic requirements.

Credit by examination is available for Music Theory I - IV and Piano Techniques I - IV only before entering the course sequence at Texas State. Students testing out of one or more of the courses above or the entire proficiency exam(s) must remit \$10 to the University's Testing Center (set fee whether receiving credit for one or more courses) before a CR grade will be processed by the Registrar's Office for the course(s). See an academic advisor and the School of Music website for details.

A student who leaves music major status in good standing can be readmitted as a Music major without re-auditioning if returning within twelve (12) months. A music student who fails to complete or pass applied lessons (note: failing grades are F and U) or has not been a Music major at Texas State for more than twelve (12) months (i.e. not enrolling or two W grades in a row) will automatically be moved to a pre-music status by their academic advisor and must re-apply and re-audition to be accepted back as a music major.

Music Theory Proficiency

Fluency with tonal and post-tonal musical structures, as demonstrated by analysis and part-writing, is a goal for all music students. The Theory Proficiency Exam (TPE) is a graduation requirement for students earning a B.M. in Music Studies/Education, B.A. in Music, or B.M. in Performance. Students seeking teacher certification must pass the TPE no later than the semester before student teaching. All other music majors must pass before applying for graduation. Theory proficiency requirements are available on the School of Music website. Transfer students are advised to take the TPE in their first semester at Texas State University. Review materials are available in the Center for Aural and Theory Tutoring (CATT) Office in the School of Music. Note: No Theory Proficiency Exam is required for BS students.

Piano Proficiency

Piano proficiency exams are required for all BA and BM degrees. Exact requirements, which vary by degree and concentration, are available at the School of Music website.

- BA, BM in Music Studies (Band, Strings, or Mariachi concentrations) with teacher certification, and BM – Performance (Jazz concentration): Pass the Level I exam by the end of the fourth (4th) long semester.
- BM – Performance (Keyboard concentration): Pass the piano majors piano proficiency exam by the end of the fourth (4th) long semester.
- BM – Music Studies (Choral concentration) with teacher certification: Pass the Level IV exam no later than the semester before student teaching.
- BM – Performance: Pass the Level IV exam before applying for graduation.
- Note: No piano proficiency exam is required for BS students.

Upper-Level Competency Review

Upon completion of four long semesters as a music major, the student's total record of academic and performance work is reviewed by the music faculty in their area to determine if they are prepared to continue in upper-level music study. Transfer students with four or more semesters of music study complete the exam at the end of the first long semester of study at Texas State.

The Upper-Level Competency Review (ULCR) is offered at the end of each long semester, and the student must pass before enrolling in 3000-level courses in the degree area. Specific information and requirements are available in the School of Music Student Handbook and on the School of Music's website.

Recital Attendance Requirements

Each semester, numerous recitals and concerts are presented by students, faculty, and visiting artists. All undergraduate music majors, with the exception of Bachelor of Science students, are required to attend a significant number of these events each semester. In addition, applied music instructors may require attendance at all recitals in the student's individual performance area.

Ensemble Requirements

All music majors must participate in the appropriate major ensemble for their instrument each semester until all major ensemble requirements for the degree have been completed. No more than one major and one secondary ensemble will be counted toward the student's degree plan per semester. While not required in the degree plan, continued participation in major ensembles after degree requirements are completed is encouraged.

Senior Recital

A senior recital is required for all students enrolled in a Bachelor of Music degree program. Students seeking teacher certification must present the recital no later than the semester before student teaching. Specific requirements for the senior recital are described in the School of Music Student Handbook and on the School of Music website.

Grade Requirements

Students majoring or minoring in the School of Music must achieve a grade of "C" or higher (including a CR in Departmental Recital) on all required music (MU, MUSE and MUSP) courses.

Student Teaching Requirements

Before being allowed to enroll for student teaching, music students must have:

1. completed all major coursework for the degree with a "C" or higher;
2. presented a senior recital achieving a grade of "C" or higher;
3. passed the Upper-Level Competency Review;
4. passed the piano and theory proficiency examinations; and
5. fulfilled the requirements for teacher certification as determined by the College of Education.

Music Fees/Costs Not Included in Tuition/ Fees

This is a partial listing.

- Instrument rental fee – \$30 per semester (inc. all percussionists and students participating in percussion ensembles, all students enrolled in Applied Keyboard classes)
- Athletic Band accessories approximately \$50-\$100 per semester depending on the required number of accessories and cleanings (inc. shoes, gloves, shirt, shorts, Colorguard uniforms, cleanings, etc.). All participants must have the required accessories based on the information outlined in the Marching Band Handbook and syllabi.

- Choir dresses \$63 one-time charge (all women participating in a choral ensemble, with the exception of VocaLibre must purchase a choir dress through the School of Music)
- Tuxedos up to \$100 one-time charge (all men participating in a choral ensemble, with the exception of VocaLibre or a concert instrumental ensemble must rent/purchase a tuxedo; locations provided by ensemble directors)
- There are additional fees related to the student teaching & certification requirements. A list of associated fees is listed on the Office of Educator Preparation website.

NOTE: Due to copyright laws, students enrolled in private lessons are responsible for purchasing individual scores of solos/etudes required for performance. In addition, students enrolled in voice lessons or instrumentalists preparing for juries/recital performances are responsible for the cost of providing their own collaborative pianist for lessons, rehearsals, and recitals. A list of collaborative pianists approved by the School of Music is available at the beginning of each long semester.

Facilities

As the music program has grown into a large, comprehensive School of Music, so too have the facilities expanded to keep pace with its wide variety of ensembles, programs, and students..

Music Buildings

The Music Building includes classrooms, faculty studios and rehearsal halls. There are separate rehearsal facilities for bands, orchestra, choirs, jazz, and Latin music ensembles, chamber groups, and opera. The facility also contains the 149-seat Music Building Recital Hall, the Schneider Music Library, a black box theater, over thirty practice rooms, an electronic piano laboratory, a multi-station music computer lab, two instrument checkout rooms, faculty offices, and the administrative office suite.

Performing Arts Center

The Performing Arts Center includes an acoustically superb 312-seat recital hall. Equipped with two Steinway D concert grand pianos and a beautiful custom-built Flemish-replica harpsichord, the hall hosts performances by international guest artists, music faculty, and some student ensembles. It is a learning laboratory for student degree recitals. Another venue, the Patti Strickel Harrison Theater, provides a state-of-the-art theater with orchestra pit for TXST Opera Theater productions.

Evans Auditorium

Evans Auditorium is the largest performance hall on campus with a seating capacity of 933. The university's wind bands, orchestra, and University Arts events utilize Evans as a performance site, as do annual events such as the Butch Miles Jazz Festival. The venue also contains two Steinway concert grand pianos.

Fire Station Studio

The Fire Station Studio, located near campus is available for both Texas State and non-Texas State persons to rent for commercial purposes. The studio houses the School of Music's sound recording technology program and contains a multipurpose recording facility and television/film sound stage housing four control rooms, three tracking spaces, a large-format fully automated SSL mixing console, CD mastering gear, and numerous professional microphones and outboard devices.

Colorado Building

Colorado Building houses the TXST Gamelan Lipi Awan (a Balinese ensemble) and sixteen additional practice rooms with digital pianos.

Lampasas Hall

Offering music an additional five offices and three teaching studios, Lampasas Hall is the second oldest building on campus and was beautifully renovated in 2012.

Marching Band Field/Storage

The Bobcat Marching Band field includes a standard 100+ yard field, multi-level director's tower, and newly completed equipment storage facility.

Schneider Music Library

The Schneider Music Library, centrally located in the Music Building, provides convenient access to scores, sound recordings, DVDs, music education materials, and music reference sources.

Music Computer Center

The Music Computer Center located in the Music Building features twenty-four high-end Mac workstations with MIDI controllers, a teacher station, a scanner workstation, and two administrator stations.

CATT Office

The CATT Office serves students enrolled in music theory and aural skills classes. Staffed by faculty and graduate students, open hours are posted at the beginning of each semester. Students who need assistance completing homework, studying for tests, or preparing for the Theory Proficiency Exam are welcome to visit.

YouStar Studios

The YouStar Studios, located in the Alkek Library, include a suite of multimedia technologies that enable users to create video and audio content. The YouStar Studios consist of a video recording studio and two audio recording studios.

Admissions Requirements

1. All students seeking to major in music must be admitted to Texas State University. For more information on Texas State, visit www.txstate.edu (<http://www.txstate.edu/>). Undergraduate students should visit the Office of Undergraduate Admissions at www.admissions.txstate.edu (<http://www.admissions.txstate.edu/>) to learn about undergraduate level admission.
2. Students wanting to enter the music program as a music major (B.A., B.M., B.S.) must submit an online application and audition on their principal instrument or voice the semester before their desired entrance. For audition guidelines and requirements, prospective undergraduate students should visit: <http://www.music.txstate.edu/prospectivestudents/BecomingaMusicMajor.html>
3. Students interested in the Sound Recording Technology major must complete an additional application, submit materials for pre-screening (see www.txstate.edu/music/srt (<http://www.txstate.edu/music/srt/>) for details), and interview.
4. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (<http://mycatalog.txstate.edu/undergraduate/education/office-of-educator-preparation/>) once all course requirements and successful completion of the School of Music's Upper Level Competency Review

have been met in order to officially complete the Bachelor of Music major in Music Studies degree program.

NOTE: Admission to the School of Music is contingent upon admission to Texas State, successful completion of the audition process, and available space in each studio. Moreover, a successful audition does not automatically ensure acceptance to the School of Music. Transfer students' transcripts will be evaluated by an academic advisor prior to an acceptance decision to ensure that acceptance and successful degree plan completion are possible here at Texas State. Prospective music majors will not be permitted to enroll in applied music and other music major classes until they have been accepted based on their audition and met with an academic advisor. Auditions are held periodically throughout the year for enrollment the following academic year. Those prospective music students unable to audition in person due to geographic distance from campus may submit an audio or video recording representative of their performing abilities that meet the audition guidelines for their instrument or voice. The deadline to submit a recorded audition is March 1 (for Fall admission) or November 1 (for Spring admission). Audition requirements are available on the School of Music website.
